

Tools + Equipment available to borrow

Tools and equipment can be used in the shop session or borrowed from Technicians to use outside of the shop.

For use **inside the shop** during a booked work session, sewing and pattern-making tools are provided at each station, around the shop, and from the Technicians.

For use **outside of the shop**, please email softshop@ecuad.ca to request items and set up a pick-up time. Lending periods may change during high-demand times. Please plan ahead.

Please connect with a Technician before using any shop tools or equipment for the first time, with questions, and do not attempt to fix any tools or equipment.
