## Student Materials Guide

Teens + Youth Programs, Continuing Studies

### Welcome to Teens + Youth Programs at Emily Carr University of Art + Design!

Students need to be prepared to bring their own materials and supplies to all courses and workshops at ECU. This guide offers a general idea of what you might need; however, instructors will email you a specific list of required and recommended materials in the days leading up to your first class. Please look for an email from your instructor in your ECU email account!

The guides below do not apply to Spring Break Art Camp, Junior Arts Institute, and Summer Institute for Teens. Student materials lists for these programs will be published and sent out as part of the student welcome package.

#### Helpful Tips for Planning Your Approach to Purchasing Materials for Class

##### **1. Start with what you need for the first class**

- It is always a good idea to bring a pencil, pen, eraser and notebook or sketchbook with you.
- Your instructor will provide a detailed list of supplies needed before the first day of class.
- You may already have some materials at home, so you don't need to buy everything new!

##### **2. Budget for your art supplies + materials**

- Art supplies can vary greatly in quality and price. As young creatives at the beginning of your artistic practice, you do not need to buy high-end, costly materials for your course.
- Instructors can offer guidance about materials needed for your course. Feel free to ask them for advice!

##### **3. Set-up any required software (online courses)**

- For courses that require software, make sure to purchase, download and install it before the first day of class. This gives you time to resolve any installation issues.
- Most required software for our courses is free or available as an educational version for ECU students.

#### Ready to Get Started?

Below are the Student Materials Guides for courses and workshops in Teens + Youth Programs. Find the list that matches your course. If you have any questions about materials and supplies needed, contact us at [teens@ecuad.ca](mailto:teens@ecuad.ca).

## CSTC 100 Drawing for Teens

Course Materials	Details
